

CRAZY

Oh what a day
All is wonderful here
But you're the one I miss
And I keep on working

I can see that the trees
Are calling back their leaves
Sunday was a shattering day
But I keep on going

**Oh, oh oh don't say no
Oh oh, oh please don't go
oh, oh, oh you turned it crazy my mind**

**But I'm here with you
And I'll share everything with you
Cause there's nothing you can change
Everything remains the same,
Don't forget to keep on going with me**

Oh what a day
I take it easy today
But you're the one I miss
And I keep on working

I can feel it in the breeze
Don't know why it's a disease
It's all too much for me
But I keep on working

Chorus

*Hey don't say no, please don't go
My heart's big enough
For you and for me so
don't say no please don't go*

Chorus
